

are very technical in nature. They are not very substantial though, but we are trying to bring the law up into conformity. I will explain the bill in further detail once the committee amendments are adopted.

SPEAKER NICHOL: You have an amendment, Mr. Clerk?

CLERK: Mr. President, Senator Haberman would move to amend the committee amendments. (See Haberman amendment on page 2563 of the Legislative Journal.)

SPEAKER NICHOL: Senator Haberman.

SENATOR HABERMAN: Mr. President, members of the body, I just have a little, simple amendment. This raises the fees on nurserymen, florists, retail food, food processing, storage, food service, mobile home (sic) units, temporary food services, meters, scales and gas pumps. It raises fees on about everything. But they neglected to raise the fees on vending machines. You know we've got thousands of vending machines. So my amendment just merely does what they are doing in the bill, raising vending machines from 10 to 20 for the first number, 15 to 30 for the second amount, 20 to 50 for the second number, and 25 to 50. It does the same thing to the bill on all of the other entities, except it raises vending machines. I ask for adoption of the amendment.

SPEAKER NICHOL: Senator Schmit, did you wish to speak about the Haberman amendment? All right. Any thing further on it, Senator Haberman? The question is the adoption of the Haberman amendment to the committee amendments. All those in favor vote aye, opposed nay. If you care to vote, please do so and let's roll. We are voting on the adoption of the Haberman amendment to the committee amendment. Record, Mr. Clerk.

CLERK: 17 ayes, 0 nays on adoption of the Haberman amendment to the committee amendments.

SPEAKER NICHOL: The amendment to the committee amendment is adopted. Now we are back to the committee amendments?

CLERK: Yes, sir.

SPEAKER NICHOL: Any further discussion on the committee
